Kangen Water®

"...quality is everything, so we needed to see for ourselves. I can honestly say the Kangen Water® has been an amazing addition to our restaurant. Our guests love our focaccia, try our minestrone, and now what you think, chefs love cooking with it, and our guests love drinking it."

- David DiMuro "LODGE" LONG BEACH, CA

CHEF'S LOVE KANGEN WATER®

- Now you can improve the taste of your drinking water. Give it away or sell it, the choice is yours.
- When you use Kangen Water® in your recipes, your ingredients will be more flavorful.
- Try it. Make some soup, bake some bread, experiment. See for yourself. Brew a pot of coffee or tea the old way. Then brew a pot with Kangen Water®, taste it, smell the aroma, see what you think. You'll quickly discover you can actually use less coffee or tea to make the pot.
- Wash your fruits and vegetables with Kangen Water®. They will look more colorful, taste better and last longer.

The diagram illustrates a parallel processing model, likely a neural network, consisting of two identical parallel paths. Each path is composed of three layers of nodes represented by triangles:

- Layer 1 (Top):** Two nodes, both labeled **4.900**.
- Layer 2 (Middle):** Two nodes, both labeled **3.720**.
- Layer 3 (Bottom):** Two nodes, both labeled **2.480**.

The nodes are interconnected by lines representing connections. Within each layer, there are two horizontal connections between adjacent nodes. Between the first and second layers, there are two vertical connections, one from the top node of the first layer to the top node of the second layer, and one from the bottom node of the first layer to the bottom node of the second layer. This structure repeats for the third layer as well.

Dreams Come True

I did not have a happy childhood and was unable to finish my secondary school. I worked in construction sites. One day, I learned about the Enagic Kangen Water 2 fish that Kangen Water is a very good product and that it could lead to a healthy life. I got the chance to be involved in the Enagic business and I finished my first target of 6A in 7 months in 2010. Eventually, I established my "Dreaming Team" with many 6A and 6A23 partners. We now have about 200 members. Now I have lots of partners in China, including medical doctors. I established Kangen shops in Guangdong, Fuzhou, Shanghai, Beijing, and Macau in China, and also Hanoi, Ha Chi Minh City in Vietnam. I set up "Super Laughter Club" because I knew good energy is essential for good health. I would like to thank Mr. Kenneth Wong, and my wife Cecilia for their support from the very beginning. I would also like to thank Mr. and Mrs. Choklin, and Dr. Shak for their encouragement. My next target is to set up a charity foundation and help more people achieve healthy body and mind.
